ISO 9001:2008 Certification Announcement

Dear Customers & Business Associates,

We are proud to announce that Phoenix Contact (SEA) Pte. Ltd. has been awarded the prestigious ISO 9001:2008 certificate by DQS GmbH. The certificate is effective from 27th Feb 2013.

With this certification, it means that our organization's quality management system has been independently audited and confirmed as being in conformity with ISO 9001:2008.

Scope of certification:

Assembly and sale of rails and enclosures and sale of electromechanical and electrical connecting elements, plug connectors, electronic interface systems, surge voltage protection, industrial communication and automation systems, cable assembly, tools, products and components.

This important achievement demonstrated another significant milestone we have reached in pursuing business excellence and the commitment of our organization to achieve:

High Customer Satisfaction

Cost-Effective Solutions

High Quality Products and Services

Phoenix Contact (SEA) Pte. Ltd will continue to provide high quality products and services and cost effective solutions while continually improving the productivity of our internal processes and Quality Management System.

Our customers can be confident that Phoenix Contact (SEA) Pte. Ltd is dedicated to ensure high customer satisfaction.

For more information or any enquiries, please contact your local representative office.

ISO 9001:2008 is an international standard for quality management system. An organization which is certified to the standard demonstrates its compliance to the quality management and quality assurance requirements as defined in the standard. The aim is to increase customer satisfaction through the deliverance of quality products and services.
